What is a Vacation?

A vacation is an application to vacate (or remove) all or a portion of a right-of-way adjacent to a property or an easement on a property. The right-of-way or easement must be found to no longer serve any current or future purpose.

What is a Right-of-Way?

In the context of a vacation application, a right-of-way refers to the area which has been dedicated to the City – usually for a public street. An easement is a portion of land that has granted the City the right to use a private property for some public purpose – usually for utilities, drainage, or access.

How Will This Impact My Property?

Each case is different. Adjacent properties are more likely to be impacted. Please contact the Community Development Office at (573) 426 6974 if you have any questions.

What If I Have Concerns About the Proposal?

If you have any concerns or comments, please try to attend the meeting to learn details about the project. You will be given an opportunity to ask questions or make comments regarding the case.

What If I Cannot Attend the Meeting?

Please try to attend the meeting if you have any questions or concerns. However, if you are unable to attend the meeting, you may provide written comments by letter or email. These comments will be presented to the Board.

What If I Have More Questions?

Please contact the Community Development Office if you have any additional questions.

8. This plat does not represent an "ALTA/ACSM Land Title Survey".
9. No statement is made concerning subsurface conditions, or the existence or nonexistence of underground or overhead containers or utilities which may affect the use or development of this tract. Environmental and subsurface conditions were not examined in this survey.
10. Utility locations shown are based on utility locations (where provided), and visible evidence observed on the date of this survey. The surveyor contacted the Missouri One Call System for utility locate markings and received notification of completion via email on January 30, 2023. Onsite observations confirmed the completeness of Gas, Electric, Water, Sanitary, and Storm utility locate markings. However, no locate markings were observed for communications (CATV, Telephone, etc.) or for the Storm System along the West side of the Street. Unmarked Communications and Storm Sewer elements in or nearby to the Right-of-way of Park Street were located on-site, and are shown on this survey.

Who and What is the Planning and Zoning Commission?
The Planning and Zoning Commission is an appointed group of citizens from Rolla who are charged with hearing and deciding land use applications, such as zoning and subdivisions. The Commission takes testimony and makes a recommendation to the City Council.

What is a Rezoning (Map Amendment)?
A Rezoning is a request to change the zoning of a property from one zoning district to another. Usually, a rezoning would allow for a property to be used differently than in the past, or may allow for development or redevelopment.

What is Zoning?
The City of Rolla has adopted zoning regulations that divide the city into separate areas that allow for specified uses of property. For example, generally only residential uses are allowed in residential zones; commercial uses in commercial zones; etc..

How Will This Impact My Property?
Each case is different. Adjacent properties are more likely to be impacted. Please contact the Community Development Office at (573) 426-6974 if you have any questions.

What If I Have Concerns About the Proposal?
If you have any concerns or comments, please try to attend the meeting. You may learn details about the project at the meeting. You will be given an opportunity to ask questions or make comments.

You do have the right to gather signatures for a petition. If a petition is received by 30% of the landowners (by land area) within 185 feet of the subject property, such request would require approval of 2/3 of the City Councilors. Please contact the Community Development Office for a property owner list.

What If I Cannot Attend the Meeting?
Please try to attend the meeting if you have any questions or concerns. However, if you are unable to attend the meeting, you may provide written comments by letter or email. These comments will be presented to the Board.

What If I Have More Questions?
Please contact the Community Development Office if you have any additional questions.

1. That the all property owners or agents have signed the application.
2. That the property is not part of any incorporated municipality and is contiguous to the city of Rolla limits.
3. That the applicants request to be annexed as authorized by RSMo. Section 71.012.

Text Amendment requests must include a letter/report with includes the following:
1. Reasons for amending the codes and demonstrating that the request serves the general welfare and preserves the community interest.
2. Proposed modifications with proposed language in underline and language to be removed in strikethrough.

Acknowledgement and Authorization:
The owner(s) understand and agree that the application will be placed on hold until a complete application and all required items on the checklist are received. The owner(s) understand and agree to permitting employees of the City of Rolla to enter the subject property for purposes of posting a yard sign(s), retrieving the yard sign(s), taking photographs of the property/building(s), and investigating the property for pertinent information related to the request. Should ownership of the property change after the application is submitted, authorization is required from the new owner to continue with the review of the request, or the request will be withdrawn from consideration. The undersigned understands that refunds may be provided if the request is withdrawn prior to the Planning Commission hearing, less any costs already incurred.

SUBJECT: April 18, 2023 DRC Agenda

---

1. **VAC23-01**: Vacation of Park Street, north of 2nd Street to the railroad, adjacent to the Phelps County Courthouse and Sheriff’s Department/Phelps County Jail

   - A utility easement needs to be retained for the existing water line in the street to be vacated. RMU does not expect there to be an easement for the water service line from the water main to the structure since the water service line is owned by the Customer.

   - RMU is neutral concerning the prospect of retaining the entire 60-foot width of Park Street as an easement, as was discussed at the DRC meeting, so long as easement for the water main, as previously mentioned, is retained.

2. **ZON23-03**: Rezoning of the property at the southwest corner of Richard Dr., and Curtis Dr., from C-1, Neighborhood Commercial, to R-3, Multi-family Residential.

   - RMU is neutral concerning this proposal.

3. **Easement Vacation (Added to the agenda)**: Vacation of utility easement at 1908 N. Bishop Ave.

   - Since there are no RMU utilities within this easement, RMU is neutral concerning this proposal.
