

Along the Lines

A Publication of Rolla Municipal Utilities

We would like to welcome Ethan Dillon to our RMU team as a Laborer II. Ethan and his wife, Taylor, live in St. James where they are raising their six year old daughter, Iris.

In his spare time, Ethan enjoys going to the gym, hunting and spending time with his family.

Welcome!

American Public Power Association

Rolla Municipal Utilities is proud to have received the Reliable Public Power Provider (RP3) designation from the American Public Power Association. What does this mean? We bring you quality power because we follow best practices in:

- Reliability
- Safety
- Workforce Development
- System Improvement

You own this utility. And we're proud to keep you powered and serve our community.

Be fire smart

with electricity in your home.

Did you know?

There are approximately **47,000** home electrical fires each year.

Plug only 1 heat-producing appliance directly into a wall outlet at a time.

Never use an extension cord with a heat-producing appliance.

What is LIHEAP?
The Low Income Home Energy Assistance Program (LIHEAP) helps keep Missourians safe and healthy by helping low-income families pay their energy bills.

HOW DO I APPLY?

Visit myDSS.mo.gov/energy-assistance to apply for LIHEAP. You can apply online or download and print an application. You can also call 1-855-FSD-INFO (1-855-373-4636) and ask our team to mail you an application. You will submit your completed application to your local agency listed on the last page of the LIHEAP application.

EXPERTS IN THE CLASSROOM

On Tuesday, January 24th RMU was proud to participate in Rolla High School's annual Experts in the Classroom symposium. Operations Manager, Chad Davis, gave a presentation to students in the classroom.

After the presentation, students were invited outside to speak with Line Forman Rick Booker, Journeyman Lineman Jestin Casto, and Apprentice Lineman Dalton Smith about what they do and look over one of our line trucks and see the equipment we use daily.
