AREA LIGHTING

METERED LIGHTING
Applicable for overhead outdoor lighting separately metered by Rolla Municipal Utilities and used primarily for area lighting, parking lot lighting, or illumination of outdoor athletic facilities. De minimis usage for auxiliary structures, such as restrooms, locker room(s), concession stands, or like structures may be included in this rate class at the discretion of Rolla Municipal Utilities.

RATE
Energy Charge: For all KWH energy used, per month..................................................$0.078/KWh

SERVICE AVAILABILITY FEE
Applicable to any metered lighting customer for each active meter, per month.
..............................................................................................................................$50.00/meter

POWER COST ADJUSTMENT (PCA)
In addition to all other charges, the amount of the Customer’s bill will be increased or decreased by an amount per kilowatt hour calculated according to the Power Cost Adjustment (PCA) – Rider.

NON-METERED LIGHTING
Applicable for overhead outdoor lighting listed below not metered by Rolla Municipal Utilities and used exclusively for area lighting.

RATE per month
SOD: 100-watt High Pressure Sodium (HPS)..............................................................$7.60/light
CITY: 25J watt HPS light, per month..............................................................................$15.00/light
MTHA: <00 watt HPS or Metal Halide, per month.........................................................$23.20/light
LR10: Rental Light - 60 watt LED, per month.................................................................$4.90/light
LR40: Rental Light - 240 watt LED, per month...............................................................$20.00/light

RATE for installation
LR10: On an existing pole with conductor in place.........................................................$210/light
LR40: On an existing pole with conductor in place.........................................................$1,150/light

Additional Costs: If installation of light(s) requires the installation of any combination of new pole(s) and/or conductor the applicant shall be required to pay for all costs associated with installing the pole and/or conductor in accordance with standard RMU billing practices for such work.

CONDITIONS OF SERVICE FOR NON-METERED LIGHTING
Installation of non-metered lighting is to be only at locations where the customer has electric service from Rolla Municipal Utilities. Lamps will be controlled by a photocell to turn on from approximately dusk to dawn. Customer shall notify Rolla Municipal Utilities if a lamp is not working properly and RMU will be allowed reasonable time to perform maintenance of the installation to restore the lamp to proper operation. The facilities installed under this schedule will remain the property of Rolla Municipal Utilities. Rolla Municipal Utilities reserves the right to charge the customer for damage caused by external forces, accidents and/or vandalism. Charges for lights installed under this schedule will be invoiced with the electric and water service and must be paid when due. Rolla Municipal Utilities reserves the right to terminate service for non-metered lighting in the event the pole is no longer accessible, access to the light is not viable through normal means, and other similar circumstances.

METHODS OF PAYMENT
(REF. RMU’s General Rules and Regulation, section “IV. Billing and Payments.”)

ROADWAY LIGHTING

ROADWAY LIGHTING  Applicable for overhead outdoor lighting separately metered by Rolla Municipal Utilities and used primarily for roadway lighting.

RATE  Energy Charge: For all KWH energy used, per month.................................$0.20/kWh

SERVICE AVAILABILITY FEE.................................................................$100.00/meter
   Applicable to any metered lighting customer for each active meter, per month.

POWER COST ADJUSTMENT (PCA)
   In addition to all other charges, the amount of the Customer’s bill will be increased or decreased by an amount per kilowatt hour calculated according to the Power Cost Adjustment (PCA) – Rider.

NON-METERED ROADWAY LIGHTING  Applicable for overhead outdoor lighting listed below not metered by Rolla Municipal Utilities and used exclusively for roadway lighting.

RATE per month
   LS10: Street Light on existing wood pole
         60 watt Light Emitting Diode (LED), per month.............................................$4.10/light
   LS11: Street Light on aluminum pole – 60 watt LED, per month............................$15.00/light
   LS25: Street Light – 95 watt LED, per month......................................................$6.45/light
   LS40: Street Light – 223 watt LED, per month.....................................................$15.70/light

CONDITIONS OF SERVICE FOR NON-METERED LIGHTING
   Lamps will burn from dusk to dawn, subject to a time allowance of three working days after notice is given by the customer to Rolla Municipal Utilities for maintenance and lamp replacement. The facilities installed under this schedule will remain the property of Rolla Municipal Utilities. Charges for lights installed under this schedule will be billed with the electric and water service and must be paid when due.

DEPOSITS

RESIDENTIAL CUSTOMER

Applicable to any customer, with an actual monthly demand of less than 100kW, that purchases the majority of the electricity and/or water for personal domestic use. A business and/or place requiring a license to do business shall not be considered under this rate.

RATE

The amount of the deposit shall be established by RMU and the minimum deposit shall be:

Residential electric service................................................................. $240.00
Residential water service................................................................. $60.00

NON-RESIDENTIAL CUSTOMER

Applicable to any customer that purchases the majority of its electricity and/or water for non-domestic purposes, and/or for any establishment requiring a business license.

RATE

The amount of the deposit shall be established by RMU and shall be based on RMU’s maximum exposure for two consecutive months.

ALL CUSTOMERS

All deposits are to be collected prior to service for each customer location, with the exception of those with a current clean credit history with RMU for 5 consecutive years, as determined by RMU.

All cash deposits will earn interest at a rate approved by the Rolla Board of Public Works. Interest on deposits, as stated below, will be paid in December as a credit to the utility bill or upon refund of deposit.

RMU reserves the right to demand subsequent additional deposits if, from RMU records, the actual monthly bills exceed the amount estimated, or if the customer has no deposit with RMU and becomes delinquent in payment of their monthly bills.

All deposits will become subject to refund after five (5) years from the date the deposit is paid, if the depositor establishes a good record of payment with RMU by paying all bills on or before the: a) thirty-fourth (34th) day, if Residential; b) twenty-fourth (24th) day, if Non-Residential, after the billing date on the bills. It will be the policy of RMU to make deposit refunds by applying the deposit to the customer’s utility bill during the month in which the deposit becomes five (5) years old.

All deposits remaining, at the time of the customer’s final bill, will be refunded by applying the deposit to the customer’s final utility bill. Any deposit held by RMU may be applied to the total amount owed by the customer.

INTEREST ON DEPOSITS...............................0.70% /year

NET METER SERVICE

Electric service under this schedule is subject to all rules and regulations
approved by the Rolla Board of Public Works

NET METER SERVICE RATE. Applicable to any RMU customer that owns and operates a qualified electric generation unit which is
powered by a renewable energy resource such as solar, wind, biomass, or hydrogen fuel cell with a capacity of not more
than 100 kilowatts (kW): that is located on the customer's premises, is interconnected and operates in parallel with RMU's
existing distribution facil ties, and is intended primarily to offset part or all of the customer's own electrical power
requirement. RMU offers this in compliance with the Net Metering and Easy Connection Act (386.890, RSMo Supp. 2012)

APPLICATION REVIEW FEE ........................................................................................................$400.00

RATE For all kWh's generated in excess of usage, per month................................................................................per agreement*

*Credit for energy shall be calculated based on the avoided energy cost from RMU's wholesale energy supplier.

SERVICE AVAILABILITY FEE. Net metering customers shall be charged Service Availability Fees based on the current rate classification
at the time of application for a net metering connection. Should the service connection be modified, at the time of the net
metering installation or any time thereafter, in a manner which causes the service connection to fall under a different rate
class, the customer shall be charged Service Availability Fees based on the new rate class of the service connection. When
net metering installation utilizes two meters, at the request of RMU, only one Service Availability Fee shall be charged.

CONDITIONS OF SERVICE. Net metering is available to RMU electric service customers. A completed and approved Interconnection
application/agreement for Net Meter Service with capacity of 100 kW DC or less is required prior to connecting such a
facility into service that operates in parallel with service from RMU. More information regarding Net Metering can be
obtained by contacting RMU's engineering department.

SPECIAL CONDITIONS

A. The customer-generator must have a completed and executed Interconnection Application/Agreement for Net
Metering Systems with Capacity of 100 kW DC or Less with RMU.

B. The customer-generator is responsible for all costs associated with its generating facility and is also responsible for
all costs related to any modifications to the facility that may be required by RMU for purposes of safety and
reliability.

C. A Net Metering facility shall meet all applicable safety and performance standards established by the National
Electric Safety Code, the National Electric Code, the Institute of Electrical and Electronic Engineers, and
Underwriters Laboratories.

The customer-generator is responsible for all requirements listed in the application/agreement

METHODS OF PAYMENT

FEES FOR ELECTRIC CONSTRUCTION

SCHEDULED OUTAGE AND/OR LINE COVERUP (Owner requested)
Owner requesting a scheduled outage or line coverup will be given an estimate, which will include the following:

- DEPOSIT online coverup: $1,000 (refundable)
- EQUIPMENT & LABOR CHARGES for all work performed by RMU: actual, $500 minimum

Once RMU receives payment of the deposit and estimated charges, the work will be scheduled by RMU. After the work has been performed in its entirety, RMU will bill the Owner for all costs. The deposit will be applied to customers' bill or refunded if bill is paid in full when RMU receives a request for coverup removal.

HOUSE MOVING RATES (Owner requested)
Owner requesting a scheduled outage due to house moving will be given an estimate, which will include:

- DEPOSIT: $2,000 (refundable)
- MINIMUM CHARGE: $500 (nonrefundable)
- ADDITIONAL TRUCK CHARGE: per schedule
- LABOR & MATERIALS: actual

RMU will determine the number of trucks and linemen to be used for the project and will provide an estimate to Owner. Once RMU receives payment of the deposit and estimated charges, the work will be scheduled by RMU. After the work has been performed in its entirety, RMU will bill the Owner for all costs. The deposit will be applied to customers' bill or refunded if bill is paid in full.

METHODS OF PAYMENT
(REF. RMU's General Rules and Regulation)

Superseding FEES FOR ELECTRIC CONSTRUCTION effective October 1, 2021

MISCELLANEOUS FEES - WATER

The charges listed below are non-refundable and cannot be transferred to another location.

FIRE SPRINKLER LINE FEE (Applicable on any nonmetered fire line connection specifically utilized for the purpose of fire protection. Fee(s) are based on diameter of backflow preventer for each fire line riser entering building. In the case where a backflow preventer has not been installed, the fee(s) shall be based on each individual fire line riser diameter.)

- 4" .......................................................................................................................... $30.00/month
- 6" .......................................................................................................................... $35.00/month
- 8" .......................................................................................................................... $40.00/month
- 10" .......................................................................................................................... $45.00/month

WATER METER TEST FEE (Owner/Customer requested)

- 5/8" and 1" meters ................................................................................................. $100.00/meter
- >1" meter .............................................................................................................. actual cost

(Ref. RMU’s General Rule and Regulation, section "XXVI. Testing of Meters.")

Rolla Municipal Utilities requires Water Meter Test Fee(s) to be paid prior to meter testing. For meters >1", a deposit of $200.00 shall be paid prior to testing with the actual fee to be based on the actual cost to test the meter.

TEMPORARY FIRE HYDRANT SERVICE

Applicable to any customer for temporary water service from a fire hydrant. A deposit and installation fee shall be paid to RMU prior to installation of a hydrant meter. The customer shall pay current applicable rates pertaining to water, including the Service Availability Fee.

DEPOSIT (refundable)

- 1” or smaller meter ............................................................................................... $250.00
- 2” meter .............................................................................................................. $1,000.00
- 3” meter .............................................................................................................. $1,500.00
- INSTALLATION FEE .......................................................................................... $75.00 (includes removal)

All temporary hydrant meters shall be moved only by RMU staff. If a temporary hydrant meter is moved to another hydrant for an existing account, an applicable charge shall be applied:

HYDRANT METER RELOCATION ............................................................................. $50.00

The customer is responsible for the hydrant meter, this equipment must be in good operating condition upon removal from the hydrant by RMU. Any damage to the equipment shall be paid by the customer and may be cause for non-refund of deposit.

METHODS OF PAYMENT

(RF: RMU’s General Rules and Regulations)

ELECTRIC - Residential

RESIDENTIAL SERVICE RATE
Applicable to any customer, with an actual monthly demand of less than 100kW, that purchases the majority of their electricity for personal domestic use as defined in Section 144.030 RSMo. A business and/or place requiring a license to do business shall not be considered under this rate.

RATE Energy Charge: For all kWh energy used, per month.................................................$0.082/kWh

SERVICE AVAILABILITY FEE
Applicable to the following customers for each active meter, per month
Residential: Single-Phase.................................................................$26.00/meter
Residential: Three-Phase...............................................................$50.00/meter

POWER COST ADJUSTMENT (PCA)
In addition to all other charges, the amount of the Customer’s bill will be increased or decreased by an amount per kilowatt hour calculated according to the Power Cost Adjustment (PCA) – Rider.

CHARACTER OF SERVICE
Rolla Municipal Utilities will specify and supply a standard single phase service. Three-phase service may also be supplied at the option of Rolla Municipal Utilities. Ordinarily this service will be limited to installations having at least one individual unit of five (5) kW or greater load.

METHODS OF PAYMENT
(REF. RMU’s General Rules and Regulation)

Superseding RESIDENTIA. SERVICE RATE SCHEDULE effective........................................October 1, 2019
Passed by the Rolla Board of Public Works .................................................................July 25, 2023

ELECTRIC – Non-Residential

COMMERCIAL SERVICE RATE
Applicable to ALL NON-RESIDENTIAL CUSTOMERS WITH ACTUAL METERED MONTHLY DEMAND OF LESS THAN 100 kW.

RATE  Energy Charge: For all kWh energy used, per month.................................................................$0.082/kWh

SERVICE AVAILABILITY FEE
Applicable to the following customers for each active meter, per month
Commercial: Single-Phase.................................................................$26.00/meter
Commercial: Three-Phase.................................................................$50.00/meter

POWER COST ADJUSTMENT (PCA)
In addition to all other charges, the amount of the Customer’s bill will be increased or decreased by an amount per kilowatt hour calculated according to the Power Cost Adjustment (PCA) – Rider.

CHARACTER OF SERVICE
Rolla Municipal Utilities will specify and supply a standard single and/or three phase alternation current service voltage. When it is necessary to build lines and install transformers for large power loads, Rolla Municipal Utilities will treat each such installation on its own merits and propose a financing plan with the customer. Where more than one meter is installed for a customer, Rolla Municipal Utilities reserves the right to accumulate energy consumption. The account will be billed as though supplied through one meter, regardless of the character of service.
Where it is necessary to install transformers, lines, or make long three phase extensions to supply three phase equipment, the three phase service will be billed separately from the single phase service and subject to the monthly minimum.

METHODS OF PAYMENT
(REF. RMU’s General Rules and Regulation, section “IV. Billing and Payments.”)

ELECTRIC – Residential or Non-Residential

POWER SERVICE RATE       Applicable to customers with an actual monthly billing demand of 100 kW or greater, but less than 1000 kW during two months or more in the billing periods of July through October.

RATE   Energy Charge: For all kWh energy used, per month..............................................................$0.062/kWh
       Demand Charge: For all kW demand, per month.............................................................$8.50/kW

SERVICE AVAILABILITY FEE .................................................................................................................$250.00/meter
       Applicable to Power Service customers for each active energy meter, per month.

POWER COST ADJUSTMENT (PCA)
       In addition to all other charges, the amount of the Customer's bill will be increased or decreased by an amount per kilowatt hour calculated according to the Power Cost Adjustment (PCA) – Rider.

DETERMINATION OF DEMAND The monthly billing demand shall be the maximum demand measured during the month in any fifteen (15) minute period.

TRANSFORMER DISCOUNT Where service is metered at the primary voltage, and transformers and protective equipment are owned and maintained by the customer, 3% of the net monthly kWh charges will be deducted.

SUBSTATION DISCOUNT Where service is metered at the primary voltage, and the substation and distribution system are owned and maintained by the customer 5% of the net monthly kWh charges will be deducted.

CHARACTER OF SERVICE
       Rolla Municipal Utilities will specify and supply a standard single and/or three phase alternation current service voltage. When it is necessary to build lines and install transformers for large power loads, Rolla Municipal Utilities will treat each such installation on its own merits and propose a financing plan with the customer.
       Where more than one meter is installed for a customer, Rolla Municipal Utilities reserves the right to accumulate energy consumption and demand. The account will be billed as though supplied through one meter, regardless of the character of service.
       RMU reserves the right to charge customer where it is necessary to install transformers, lines, or make long three phase extensions to supply three phase equipment. Terms for any reimbursement shall be finalized prior to RMU commencing any work.

MISCELLANEOUS FEES — ELECTRIC

The charges listed below are non-refundable and cannot be transferred to another location.

**ELECTRIC METER TEST FEE** (Owner/Customer requested).................................................................$75.00/meter
(Ref. RMU General Rules and Regulations, section “XXVI. Testing of Meters.”)
Rolla Municipal Utilities requires Electric Meter Test Fee(s) be paid prior to testing. Should the test(s) find the meter to be greater than the acceptable industry standard accuracy range, the Electric Meter Test Fee(s) will be returned and an adjustment to the bill will be made for a maximum of six months of usage for the overage amount. If the meter(s) is found to be outside the acceptable industry standard accuracy range the meter(s) will be adjusted or replaced at no expense to the Owner/Customer at RMU’s discretion.

**RAPID SHUT DOWN TEST OF CUSTOMER GENERATOR EQUIPMENT** (Owner/Customer requested)...$150.00/meter

**CUSTOMER GENERATOR Reconnection Fee**.................................................................$50.00

**FEES FOR WIRELESS POLE ATTACHMENTS**

MICRO-ATTACHMENTS (attachments up to 1.25 ft³):.................................................................$33.00/year
SMALL ATTACHMENTS (attachments between 1.25 ft³ and 7 ft³):..............................................$150.00/month*

*A review of market rates within Missouri, neighboring states, and nationwide, for wireless attachments leases or licenses on public property has shown that the following rates for “small” attachments: $150/month-$4,000/month. Some data also reflected agreements charging gross receipts fees, which required additional administrative expense and was more difficult to evaluate due to unknow revenues. To encourage development and growth within the City of Rolla, Rolla Municipal Utilities is adopting the simpler flat fee and using the lower end of the range found of $150/month, subject to alteration and review based on changes in the market or circumstances. For Antennas larger than “Small Attachment” parameters, similar case-by-case analysis needs to be done to address the additional space used, impact, and market parameters.
