- CITY: 250 watt HPS light, per month.....\$15.00/light
- MTHA: 400 watt HPS or Metal Halide, per month.....\$23.20/light
- LR10: Rental Light – 60 watt LED, per month.....\$4.90/light
- LR40: Rental Light – 240 watt LED, per month.....\$20.00/light

RATE for installation

- LR10: On an existing pole with conductor in place.....\$210/light
- LR40: On an existing pole with conductor in place\$1,150/light

Additional Costs: If installation of light(s) requires the installation of any combination of new pole(s) and/or conductor the applicant shall be required to pay for all costs associated with installing the pole and/or conductor in accordance with standard RMU billing practices for such work.

CONDITIONS OF SERVICE FOR NON-METERED LIGHTING

Installation of non-metered lighting is to be only at locations where the customer has electric service from Rolla Municipal Utilities. Lamps will be controlled by a photocell to burn from approximately dusk to dawn. Customer shall notify Rolla Municipal Utilities if a lamp is not working properly and RMU will be allowed reasonable time to perform maintenance of the installation to restore the lamp to proper operation. The facilities installed under this schedule will remain the property of Rolla Municipal Utilities. Rolla Municipal Utilities reserves the right to charge the customer for damage caused by external forces, accidents and/or vandalism. Charges for lights installed under this schedule will be invoiced with the electric and water service and must be paid when due. Rolla Municipal Utilities reserves the right to terminate service for non-metered lighting in the event the pole is no longer accessible, access to the light is not viable through normal means, and other similar circumstances.

DEPOSITS

RESIDENTIAL CUSTOMER

Applicable to any customer, with an actual monthly demand of less than 100kW, that purchases the majority of the electricity and/or water for personal domestic use. A business and/or place requiring a license to do business shall not be considered under this rate.

RATE

The amount of the deposit shall be established by RMU and the minimum deposit shall be:

Residential electric service.....	\$240.00
Residential water service.....	\$60.00

NON-RESIDENTIAL CUSTOMER

Applicable to any customer that purchases the majority of its electricity and/or water for non-domestic purposes, and/or for any establishment requiring a business license.

RATE

The amount of the deposit shall be established by RMU and shall be based on RMU’s maximum exposure for two consecutive months.

ALL CUSTOMERS

All deposits are to be collected prior to service for each customer location, with the exception of those with a current, clean credit history with RMU for 5 consecutive years, as determined by RMU.

All cash deposits will earn interest at a rate approved by the Rolla Board of Public Works. Interest on deposits, as stated below, will be paid in December as a credit to the utility bill or upon refund of deposit.

RMU reserves the right to demand subsequent additional deposits if, from RMU records, the actual monthly bills exceed the amount estimated, or if the customer has no deposit with RMU and becomes delinquent in payment of their monthly bills.

All deposits will become subject to refund after five (5) years from the date the deposit is paid, if the depositor establishes a good record of payment with RMU by paying all bills on or before the: a) thirty-fourth (34th) day, if Residential; b) twenty-fourth (24th) day, if Non-Residential, after the billing date on the bills. It will be the policy of RMU to make deposit refunds by applying the deposit to the customer’s utility bill during the month in which the deposit becomes five (5) years old.

All deposits remaining, at the time of the customer’s final bill, will be refunded by applying the deposit to the customer’s final utility bill. Any deposit held by RMU may be applied to the total amount owed by the customer.

NET METER SERVICE

Electric service under this schedule is subject to all rules and regulations approved by the Rolla Board of Public Works

NET METER SERVICE RATE Applicable to any RMU customer that owns and operates a qualified electric generation unit which is powered by a renewable energy resource such as solar, wind, biomass, or hydrogen fuel cell with a capacity of not more than 100 kilowatts (kW) that is located on the customer’s premises, is interconnected and operates in parallel with RMU’s existing transmission and distribution facilities, and is intended primarily to offset part or all of the customer’s own electrical power requirement. RMU offers this in compliance with the Net Metering and Easy Connection Act (386.890, RSMo Supp. 2012)

APPLICATION REVIEW FEE.....\$300.00

RATE For all kWh’s generated in excess of usage, per month.....per agreement*
*Credit for energy shall be calculated based on the avoided energy cost from RMU’s wholesale energy supplier.

SERVICE AVAILABILITY FEE Net metering customers shall be charged Service Availability Fees based on the current rate classification at the time of application for a net metering connection. Should the service connection be modified, at the time of the net metering installation or any time thereafter, in a manner which causes the service connection to fall under a different rate class, the customer shall be charged Service Availability Fees based on the new rate class of the service connection. When net metering installation utilizes two meters, at the request of RMU, only one Service Availability Fee shall be charged.

CONDITIONS OF SERVICE Net metering is available to RMU electric service customers. A completed and approved Interconnection application/agreement for Net Meter Service with capacity of 100 kW DC or less is required prior to connecting such a facility into service that operates in parallel with service from RMU. More information regarding Net Metering can be obtained by contacting RMU’s engineering department.

SPECIAL CONDITIONS

- A. The customer-generator must have a completed and executed Interconnection Application/Agreement for Net Metering Systems with Capacity of 100 kW DC or Less with RMU.
- B. The customer-generator is responsible for all costs associated with its generating facility and is also responsible for all costs related to any modifications to the facility that may be required by RMU for purposes of safety and reliability.
- C. A Net Metering facility shall meet all applicable safety and performance standards established by the National Electric Safety Code, the National Electric Code, the Institute of Electrical and Electronic Engineers, and Underwriters Laboratory.

The customer-generator is responsible for all requirements listed in the application/agreement

Owner requesting a scheduled outage or line coverup will be given an estimate, which will include the following:

DEPOSIT online coverup	\$1,000 (refundable)
LABOR CHARGES for all work performed by RMU	actual, \$500 minimum

Once RMU receives payment of the deposit and estimated charges, the work will be scheduled by RMU. After the work has been performed in its entirety, RMU will bill the Owner for all-in costs. The deposit will be refunded when RMU receives a written request for coverup removal, and any remaining costs are paid in full.

HOUSE MOVING RATES (Owner requested)

Owner requesting a scheduled outage due to house moving will be given an estimate, which will include the following:

DEPOSIT on	\$2,000 (refundable)
MINIMUM CHARGE	\$500 (nonrefundable)
ADDITIONAL TRUCK CHARGE	per schedule
MATERIALS	estimate

RMU will determine the number of trucks and linemen to be used for the project and will provide an estimate to Owner. Once RMU receives payment of the deposit and estimated charges, the work will be scheduled by RMU. After the work has been performed in its entirety, RMU will bill the Owner for all-in costs. The deposit will be refunded when any remaining costs are paid in full.

MISCELLANEOUS FEES – ELECTRIC

The charges listed below are non-refundable and cannot be transferred to another location.

ELECTRIC METER TEST FEE (Owner/Customer requested).....\$75.00/meter

(Ref. RMU General Rules and Regulations, section “XXVI. Testing of Meters.”)

Rolla Municipal Utilities requires Electric Meter Test Fee(s) be paid prior to testing. Should the test(s) find the meter to be greater than the acceptable industry standard accuracy range, the Electric Meter Test Fee(s) will be returned and an adjustment to the bill will be made for a maximum of six months of usage for the overage amount. If the meter(s) is found to be outside the acceptable industry standard accuracy range the meter(s) will be adjusted or replaced at no expense to the Owner/Customer at RMU’s discretion.

RAPID SHUT DOWN TEST OF CUSTOMER GENERATOR EQUIPMENT (Owner/Customer requested).....\$150.00/meter

CUSTOMER GENERATOR RECONNECTION FEE.....\$50.00

FEES FOR WIRELESS POLE ATTACHEMENTS

MICRO-ATTACHMENTS (attachments up to 1.25 ft³):.....\$33.00/year

SMALL ATTACHMENTS (attachments between 1.25 ft³ and 7 ft³):.....\$150.00/month*

*A review of market rates within Missouri, neighboring states, and nationwide, for wireless attachments leases or licenses on public property has shown that the following rates for “small” attachments: \$150/month-\$4,000/month. Some data also reflected agreements charging gross receipts fees, which required additional administrative expense and was more difficult to evaluate due to unknow revenues. To encourage development and growth within the City of Rolla, Rolla Municipal Utilities is adopting the more simple flat fee and using the lower end of the range found of \$150/month, subject to alteration and review based on changes in the market or circumstances. For Antennas larger than “Small Attachment” parameters, similar case-by-case analysis needs to be done to address the additional space used, impact, and market parameters.

ELECTRIC – Non-residential

RENEWABLE ENERGY RATE

For individual RMU Commercial/Industrial Customers wishing to use electric energy generated from renewable resources for up to 100% of their purchase, RMU shall make available on a first-come first-served basis appropriately sourced energy at a rate of \$1.00 a megawatt hour or one tenth of one cent per kWh above the energy rate charged to the customers by RMU. Applicable to all non-residential customers that meet the following conditions:

- A. Maintain an annual load factor of at least 55 percent as certified by RMU;
- B. Maintain an annual power consumption level in excess of 60,000 kWhs;
- C. Commit to participating in the program for at least twelve-month period, but no longer than 84 months;
- D. Agree to purchase at least 20 percent of the previous year’s consumption of electricity through the program.

RATE Energy Charge: An up charge, in addition to all other charges for all contracted kWh energy used, per month.....\$0.001/kWh

OTHER APPLICABLE CONDITIONS:

1. SOURCE: The source will be renewable energy production facilities under contract to Missouri Joint Municipal Electric Utility Commission (MJMEUC) including Kansas and Missouri based windfarms, and solar, landfill or natural gas facilities. The mix of sources will be totally at the discretion of MJMEUC.
2. RENEWABLE ENERGY CREDITS: Renewable Energy Credits (REC’s) will either be transferred at no additional charge to the final customer or their designee for retirement, or in the alternative, will be retired by MJMEUC for benefit of the customer. MJMEUC retains the right to any additional zero carbon attributes created or recognized under either state or federal regulations.
3. TOTAL MJMEUC PROGRAM PARTICIPATION: Participation will be provided on a first-come, first-served basis until the output of 60,000 MWHrs is subscribed, unless amended by the addition of future renewable resources.
4. CONTRACTING PARTIES: Final terms and conditions, including price, for participating in the Renewable Energy rate shall be further defined by any required contract.
